

Miss Paris  
1937 Boasts  
Tender Age

Only 17 years of age with curly blonde hair and a naive smile, Miss Paris, 1937, shows a divergent trend from the frail beauty of former winners. Miss Lamb was elected a beauty queen at the Casino of Trouville, France, from a multitude of candidates.

LEGISLATIVE  
SESSION WILL  
END TODAY

Several Measures to Re-  
verse Royal Assent This  
Afternoon

The Alberta legislature, in special session, on Thursday night will not finish the business before it and adjourn at 9:45 p.m. to meet again at 2 p.m. Friday. Early measure introduced was stood ready for third reading.

These bills will be given third and final reading on Friday afternoon, after which the House in the case of J. C. Brown will give assent and prorogue the session.

Only other business to come before the Friday afternoon sitting will be the report of the special legislative committee studying unemployment relief.

This will be submitted by D. M. Duggan, chairman of the committee. Among the bills passed through to the third reading stage was one to provide members in attendance at the session, with an advance of \$500 on their next seasonal indemnity.

Debate on the bank licensing bill and the twin bill, that affecting the civil rights of certain persons, was finally confined to second reading.

BRITISH, ITALIAN  
VESSELS BOMBED  
BY SPAIN PLANE

LONDON, Aug. 6.—Lloyd's reported from Gibraltar today that an Italian and British steamship had been bombed by aircraft at about the same spot off the coast of Algeria, near war-zone Spain.

The British tanker British Corp. faxed an SOS that she was being bombed, later cancelled it, and steamed into Algiers, 30 miles south-east.

Mr. crew of 43 were safe and her cargo recovered, which she had reported damaged, was repaired.

A few hours later, Lloyd's said the Italian steamship Mongia dispatched an SOS saying she was being bombed from the air. The ship, of 6,110 tons, was bound from Genoa to New Orleans.

Diplomats  
Planning to  
Raise Bans

ROME, Aug. 6.—The Italian government announced today that British and Italian diplomats would meet in Rome for formal conversations to settle differences between the two countries.

Count Dino Grandi, Italian ambassador to London, proposed the conversations to Prime Minister Chamberlain who recently exchanged friendship letters with Premier Mussolini.

Yesterday, the government said, Sir Robert Vansittart, permanent undersecretary at foreign affairs, notified Count Grandi the proposal had been accepted.

During the Grandi-Vansittart talk it was agreed the next few weeks would be devoted to preparing material for the conversations.

The government announced today it had lifted its three-month-old ban on British newspapers.

Prominently displayed accounts of the Italian press in the British papers led to the ban and the ban of all Italian newspapers and magazines in London.

May 6 prior to the cessation. The correspondence were authorized to return to London earlier this week.

Allegation of  
Finance Threat  
Is Protested

Strong protest against what he said were threats of officials of financial institutions to curtail credit of Alberta residents in a recent legislation brought into the house at the current session was voiced on the floor of the assembly chamber on Thursday by Fred Anderson, S.C. Calgary.

Mr. Anderson read an Edmonton newspaper an extract of a report with official of a financial institution, in which he said that the bank was saying that the supplies of credit would be cut off as a result of the legislation brought into the house.

"This is a direct threat to the people of this province and members of this house," declared Mr. Anderson. "I consider this matter entirely improper and act of sub-judice. Such a statement threatens the civil and property rights of the people and I strongly protest against it."

Murder Victim's  
Body Scattered

BOMBAY, Aug. 6.—Police today investigated Bombay's most gruesome murder in years.

Disseminated parts of the body of a young Hindu were found in widely separated parts of the city. The head was still missing.

The man, Shrinagar, was tattooed in English letters on one of the victim's hands.

No trace was found of the murderer.

Veteran Toronto  
Lawyer Dies At 68

TORONTO, Aug. 6.—Louis Vincent McBray, K.C., 68, who 30 years ago was one of Toronto's best known lawyers, died in hospital today after a two-week illness.

Don't Look Now!

A delighted smile lights Frank Wallace's face as he sits beside his dancing partner of seven years standing, Thelma LaRue, in Henderson.

The man, who is in his thirties, was married to his 30-year-old wife. Who can tell? If she had parted from him right after the wedding, she instead of Miss LaRue might have been in the picture. Which, of course, would mean that she might not be a wealthy Hollywood actress.

The stand of the Chamber of Commerce was confirmed in a statement in the form of a resolution sent to Premier William Abernethy and Attorney-General W. R. Gill by John Blue, secretary general of the organization with an accompanying letter.

In the letter Mr. Blue stated that the Chamber is not optimistic that the submission of the resolutions to the ministers will prove any effect but that they are submitted merely to register disapproval and declare the position of the Chamber on behalf of the business community with respect to the said legislation.

"Undoubtedly these bills constitute the constitution, and I am reminded at the moment of an incident."

Object is to Secure Public Support to New S.C. Legislation

Headed "Pledge of Fidelity for Results," a form, printed on blue paper, and known as the "Blue Pledge," is being distributed on street corners in Edmonton today.

The pledge, which is being distributed by the Social Credit party, is a pledge of loyalty to the new Social Credit legislation and is a pledge to support the party in the next election.

Businessmen  
Voice Protest  
Over New Bill

Register Opposition Against Powers Being Granted S.C. Board

The Edmonton Chamber of Commerce issued a formal protest Friday on behalf of businessmen of the city against the new legislation in the Social Credit bill of the province by the Alberta government. These powers, it claims, constituted an invasion of the long-established rights of a citizen in a democratic country.

The stand of the Chamber of Commerce was confirmed in a statement in the form of a resolution sent to Premier William Abernethy and Attorney-General W. R. Gill by John Blue, secretary general of the organization with an accompanying letter.

In the letter Mr. Blue stated that the Chamber is not optimistic that the submission of the resolutions to the ministers will prove any effect but that they are submitted merely to register disapproval and declare the position of the Chamber on behalf of the business community with respect to the said legislation.

Canada Bank  
Practice Illegal

New Licensing Bill Comes Under Heavy Barrage From Opposition Leaders After Ministers Support Measure.

Charging that banks were at present illegally carrying out the monetization of the province's credit, Hon. Lucien Maynard, minister of municipal affairs, speaking in the debate on second reading of the act under which banks operating within the province are licensed, declared that the right to monetize credit of the province lay with the province itself, not with the Dominion or the banks. The title of the bill was later changed to the "Regulation of Credit Act."

"All we are concerned with is the policy of the banks in carrying out their business," he said.

Major Douglas Also Advanced \$250 for London Office Expenses

Appointment of G. F. Powell and L. D. Byrne, technicians sent here by Major Clifford Hugh Douglas, of London to investigate and report on the Social Credit situation here was followed by an advance to them of \$1000 each for "out of pocket expenses," according to the report of the Social Credit board, tabled in the legislature today by Mr. MacLachlan, chairman of the board. In addition, Major Douglas had advanced \$250 for office expenses.

According to an opinion expressed by Mr. G. F. Powell in the report, the Social Credit situation existing in the province does not represent an economic problem as much as a problem involving strategy for the gaining and retention of control of the financial policy.

Shadowy Figure of  
Missing Jurist  
Spectre In Court

NEW YORK, Aug. 6.—The shadowy figure of Supreme Court Justice Joseph Force Crater, missing for seven years, drifted today into the series "half world" of the legal dead.

His fate—whether murdered, a victim of an accident, or a fugitive from taxes—remains one of the most baffling enigmas of New York crime annals.

It is said that Justice Crater had even tried to sue this evening to sue for and reclaim his identity. For it was on Aug. 6, 1929, when he was 47 years old, that Justice Crater, with a friend at a Times Square restaurant, stepped alone into a waiting taxi and rode away into the darkness.

Three Tenders  
Received Here  
For Ice Plant

Bids Range In Price From \$25,565 To \$34,980

Three tenders ranging in price from \$25,565 to \$34,980 for the installation of an artificial ice plant in the Edmonton arena this fall were opened by commissioners at city hall Friday morning. They were referred to City Engineer A. W. Hurdson for a recommendation on which type of unit they should purchase and city council is scheduled to make a decision on this question at its greater meeting next Monday night.

Two tenders were received on two types of installation, one using a salt flow and the other a dry flow. Engineer Hurdson explained that if refrigeration pipes were placed in a concrete foundation for a recommendation on which type of unit they should purchase and city council is scheduled to make a decision on this question at its greater meeting next Monday night.

## TOMB IN YEARS

KINGSTON, Ont., Aug. 6.—Payments for maintenance of the grave of Sir John A. Macdonald in Cataraugus cemetery here have not been made for nine years and the plot might legally be repossessed by the cemetery board.

Cemetery officials have kept up the beautiful hillside spot but

superintendent E. K. Purdy said something should be done to insure the grave perpetual care." He said the cemetery board had not paid no maintenance fees since the death of Sir John's son, Hugh Macdonald, in Winnipeg.

Sir John's grave is marked by a single column of granite and a plain white sandstone cross, bearing the inscription: "John Alexander Macdonald, 1815 - 1891. He

With him lie his wife, his sister, Lucia, his brother, Hugh, and his son and namesake, John.

## Thrilling Finishes Snapped By "The Eye In The Sky"

Racing's latest and greatest innovation, "The Eye In The Sky," will be used for the first time in Alberta when the Autumn racing season is ushered in at the Edmonton Exhibition track next Wednesday afternoon. "The Eye In The Sky" has proven its worth during one afternoon at the "Sport of Kings" at Whittier Park, Winnipeg.

When the four finishes, portrayed above, were recorded. From left to right the photo shows (clockwise) No. 5, missing out the pace-setting Marylebone eleven finished up the first victory of its career.

on the extreme right shows Pink Post, No. 5, defeating Elkhart. The "Eye In The Sky" made its debut at the Winnipeg spring meeting and was welcomed by horsemen and patrons. After each race where a photo-finish is called for the photos of the finish are posted for the public to view.

# AMPLE RAINFALL GIVES ALBERTA BETTER CROP

## Viking and Ryley Hail Damage Is Near 35 Percent

WINNIPEG, Aug. 6.—Rains over the prairies, with the exception of the Peace River area were generally beneficial, improving pasture and feed outlook in the dry districts of Saskatchewan and Alberta, but, because of their strength, flattening crops in scattered areas of Manitoba and making cutting difficult.

Cutting is resumed and is now general in Manitoba except in the Red River Valley, several in eastern Saskatchewan and northwestern Saskatchewan, where the heavy rain has made cutting difficult.

In the Edmonton district, says the Canadian National Railways report, hail damage is estimated in the Viking, Ryley and Telford districts up to 35 per cent. From 10 per cent to 25 per cent hail damage is reported at Camrose. Cutting will commence about the first of the week, late crops showing considerable improvement. From Vermilion to Edmonton hail damage is reported at Stavely, Stinson, Ingersoll and other points ranging from 25 per cent to 100 per cent in districts affected.

### Cracking Down

Look what happens when the top of a chimney doesn't want to get down to earth! It's being left behind but not for long. The old break occurred at Clifton, N.J., when a huge stack was being dismantled.

From Illinois to Kentucky what is a complete failure and Russian thistle is being cut for green feed. A 50 per cent normal crop is expected between Manitoba and Virupoint.

Twenty-five bushel yields are expected on the Hazen subsoil.

Advance Guard Gathers In Ottawa To Elect Chief

By THOS. WALLING.  
Ottawa, Aug. 6.—The advance guard of Conservative members of parliament has arrived in Ottawa at the call of Mr. H. H. Bennett for the election of a new chief.

Conservative members who have so far arrived in the capital are still quite in the dark as to Mr. Bennett's intentions. They want Mr. Bennett to retain the leadership and it is expected they will give a resolution of loyalty and confidence in his leadership.

A number of Conservative members in Ottawa but have not yet been contacted by the advance guard.
